CIRCULAR

The Academic Council Meeting of our College has been scheduled under the Chairmanship of Dr.A.Anbuchejian, Principal, Annapoorana Engineering College in Board Room on 22.07.2026 by 02.00 pm. All the Academic Council members are requested to attend the meeting to discuss on the following agenda.

Agenda:

- Agenda 1 : Welcome Note by the Principal
- Agenda 2 : To Review the Action Taken report of the previous Academic Council Meeting held on 08.01.2026
- Agenda 3 : To Discuss on Regulation 2026 - Amendments
- Agenda 4 : To Review of Department BOS Meeting Minutes & approve the suggestions made by the members
- Agenda 5 : To Review of Result Passing Board Meeting Minutes and Academic Results November – December 2026
- Agenda 6 : To pursue the Academic Enrichments
- Agenda 7 : To note & pursue the Research Activities s
- Agenda 8 : To note the conduct of Events
- Agenda 9 : To note the Placement Records
- Agenda 10 : To note the Infrastructural Facility Improvements
- Agenda 11 : Any other matters, with the approval of the Chairman

MINUTES OF THE ACADEMIC COUNCIL MEETING – 22.07.2026 (Wednesday)

Minutes of the Academic Council Meeting of Annapoorana Engineering College for the Academic year 2026-27 held at 02.00 pm on 22.07.2026 in Board Room.

Agenda 1: Welcome note by the Principal:

- The Principal and Chairman welcomed the Academic Council Members and made a presentation on points relating to the meeting agenda.
- The Academic Council Members appreciated the Principal for the Industry Collaboration with HCL-GUVI and L&T EduTech to promote Industry-integrated Learning and improve student employability.

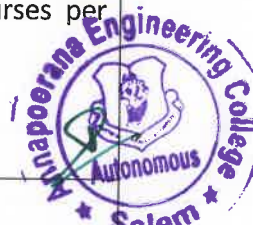

Agenda 2: Action Taken Report of the previous Academic Council Meeting

Resolution:

The Action Taken Report of the Previous Academic Council Meeting held on 08.01.2026 was placed before the Academic Council, incorporating the suggestions of the members and the details of the actions initiated thereon.

- ❖ The 8th BOS Meeting for all departments are conducted.
- ❖ The Board reviewed the Regulation 2026. Curriculum for all departments were approved and the First & Second Semester syllabus & course structure were approved for both UG & PG Programs.
- ❖ Appreciated the Industry collaborations with HCL-GUVI and L&T EduTech to promote Industry-integrated Learning and improve student employability.

4.2: Abstracts from BOS Meeting Minutes

Discussions of the various Departments BOS Meetings are:

4.2.1. ARTIFICIAL INTELLIGENCE AND DATA SCIENCE:

- For Semester II, the experts recommended including the following core subjects:
 - Digital Principles and Computer Organization.
 - Fundamentals of Data Science.
- Suggested offering Design Thinking in Semester IV instead of Semester II, as students would then possess sufficient technical knowledge to undertake meaningful innovation and project development.

Resolution:

The Academic Council Members reviewed and approved BOS meeting minutes of AI&DS.

4.2.2. AUTOMOBILE ENGINEERING:

The members recommended the following for the approval of the Academic Council:

- Course Codes shall be assigned with maximum relevance to the Automobile Engineering Board in the R2026 curriculum.
- If feasible, a Foreign Language Course may be added to the R2026 curriculum.
- Industry 4.0, ADAS & Annotation shall be incorporated into the R2026 curriculum.
- Course Outcomes shall be updated to include Course Outcome 6 also, ensuring alignment with the learning objectives of the R2026 curriculum.
- Recommended the Industry-Integrated Courses (HCL- GUVI) for the Batch 2026–2030 for necessary approval in the Academic Council.
- Resolved to recommend the Industry-Integrated Courses (L&T EduTech) for necessary approval in the Academic Council.
- Practical Knowledge shall be improved by adding more hands-on training and experiential learning to strengthen industry readiness.

Resolution:

The Academic Council Members reviewed and approved BOS meeting minutes of Automobile Engineering.

4.2.3. Bio-Medical Engineering:

The BOS Members suggested the following in VII Semester:

22BM701 - BIOMATERIALS AND ARTIFICIAL ORGANS:

- Topics such as Shape Memory Alloy (SMA) applications, biocompatibility testing and surgical tools used for implants may be included.
- The title of Unit IV should be changed from "Ophthalmic Equipment and Artificial Organs" to "Artificial Organs".
- The order of Unit IV and Unit V should be interchanged.

22BM702 - EMBEDDED SYSTEMS AND IoT:

- STM32 architecture, I/O interfaces, and their medical applications should be included in Unit I.
- The formatting of the entire syllabus should be revised for better consistency.
- The topic "Blood Glucose Monitors" should be replaced with "Smart Sensors".
- STM32 Cube IDE is recommended as the simulation and development platform for STM32 programming.

22BMV09 - PATIENT SAFETY, STANDARDS AND ETHICS:

- Regulatory bodies such as CDSCO, FDA, and EU MDR should be included in Unit I, along with NABL and NABH.
- ISO 13485 Quality Management System (QMS) should be included in Unit II.
- Topics such as CAPA, Internal Auditing, Lead Auditing, Electrical Safety Testing, and Electrical Safety Analyzers may be included.

22BMV38 - CRITICAL CARE AND OPERATION THEATRE EQUIPMENTS:

- A review of Defibrillators, Ventilators and Diathermy Equipment may be included in Unit III.
- Topics such as Centralized Nursing Station and Oxygen Generation Station may be included.
- Unit V should be reviewed to avoid content overlap with the course "Patient Safety, Standards and Ethics".

Resolution:

The Academic Council Members sought clarification whether the students visit to hospitals or arranged on regular basis. They also suggested that handling of Critical Care and Operation Theatre Equipments such as Defibrillators, Ventilators and Diathermy Equipments, should be thought by experts from Hospital Industry. They suggested the topics such as Centralized Nursing Station and Oxygen Generation Station, should be handled by domain experts from Medical Institutions.

4.2.4. CIVIL ENGINEERING:

The BOS Members suggested:

UG:

- Self-Learning Courses (SLC) are compulsory for all students. It was recommended that SLCs be incorporated in a minimum of two (2) semesters across the programme.
- Current 3rd-year students: It was noted that the II Year students will be having Building Information Modeling (BIM) available as an elective course in their III Semester.
- Design Project: It is mandatory that a Design Project (Design-Oriented) be included in Semester VI. The existing Project Phase I and Project Phase II shall be merged into a single comprehensive Project Work, to be housed in the final semester only.

PG:

- The course names 'Project work – I & II' shall be changed to 'Dissertation – I & II' respectively.
- Vertical-Based Grouping: Elective courses shall be grouped under clearly defined verticals/streams to facilitate easier and more informed selection by students.
- Rationalization: The total number of elective course offerings is currently excessive. The list of electives shall be pruned to a select, focused set of courses that align with industry demand and research relevance.

Resolution:

The Academic Council Members reviewed and approved BOS meeting minutes of Civil Engineering and also appreciated the initiative of COE in BIM with NEMETSCHEK, Germany.

4.2.5. COMPUTER SCIENCE & ENGINEERING:

The BOS Members suggested:

- The Software Project Management course in Semester VII should incorporate mini-projects and hands-on activities to strengthen the practical component of the curriculum.
- To introducing Compiler Design as a Core Course in the curriculum.

Resolution:

The Academic Council Members reviewed and approved BOS meeting minutes of Computer Science & Engineering. The members sought clarification on the prerequisite for Software Project

Management, questioning whether Software Engineering or any other course should be specified as the prerequisite. The HOD, CSE clarified that Software Engineering is already offered in Semester III and serves as the prerequisite for Software Project Management. The members accepted the clarification.

4.2.6. ELECTRICAL & ELECTRONICS ENGINEERING:

The Committee resolved:

- To revise the Credit value of "Electric Circuit Analysis" from 3 to 4 credits (add tutorial hours) for B.E/ Electrical and Electronics Engineering.
- To change the syllabus content for "Digital Controllers in Power Electronics Applications" for Semester I- M.E/Power Electronics and Drives.

Resolution:

The Academic Council Members reviewed and approved BOS meeting minutes of Electrical & Electronics Engineering.

4.2.7. Electronics & Communication Engineering:

The Board Members recommended:

U.G :

- The inclusion of Clipper and Clamper circuits in Unit I of the Electronic Devices course of Semester II.
- Renaming the course Engineering Electromagnetics as Electromagnetics in semester III.
- Renaming the course Digital System Design as Digital Electronics and incorporating Verilog implementation in the Third Semester syllabus.
- To rename the laboratory course Electronic Circuits Laboratory as Electronic Devices and Circuits Laboratory in Semester III.

P.G :

- Proposed to introduce the course Linear Algebra and Stochastic Processes to strengthen the mathematical foundation required for advanced communication systems.

- Recommended including Channel Estimation in Unit I and Low-Density Parity-Check (LDPC) Codes in Unit III of the Modern Digital Communication Systems course.

Resolution:

The Academic Council Members reviewed and approved BOS meeting minutes of Electronics & Communication Engineering.

4.2.8. INFORMATION TECHNOLOGY:

- In R2026, Problem Solving and Python Programming Course in Semester I and the C Programming Course in Semester II were approved as Industry-Integrated.
- In R2026, Recommendations for the Hardware Related Courses in the B.Tech Information Technology Degree and hence Digital Principles and System Design was recommended in II Semester.
- In R2026, Suggestion for adding Java Programming in III Semester Objected Oriented Programming Subject itself.
- In R2026, Suggestions for IoT related Subjects in IV Semester in the place of Java Programming, which was taught in III Semester itself.
- In R2026, Suggestions for adding Some of the Compiler Design Topics along with Theory of Computation of V Semester.
- In R2026, More emphasis for Mini Projects in VII Semester, if possible in III Year itself.
- In R2022, Add Software Project Management in VII Semester itself instead of VIII Semester, so as to allow students to do their project well and Plan for Placement.

Resolution:

The Academic Council Members reviewed and approved BOS meeting minutes of Information Technology.

4.2.9. Mechanical Engineering:

The BOS Members suggested that:

- Kinematics and Dynamics of Machines course is heavy, so syllabus formation may be considered based on credit.
- Fluid Mechanics and Machinery course name is revised to Fluid Mechanics and Fluid Machinery.

- If feasible, a Foreign Language Course may be added to the R2026 curriculum.
- Industry 4.0, ADAS & Annotation shall be incorporated into the R2026 curriculum.
- Approval of the curriculum I - IV and Syllabus for I & II Semesters of the M.E. Industrial Safety Engineering Degree Programme for Regulation 2026.
- R&D Laboratory may be added to the curriculum, if feasible, to promote innovation, research activities, and advanced student projects.
- The course name "Maintainability Engineering" shall be revised to "Maintenance Engineering" for clarity and industry relevance.

Resolution:

The Academic Council Members reviewed and approved BOS meeting minutes of Mechanical Engineering and suggested including Foreign Languages such as Japanese and German into the curriculum.

4.2.10. Science & Humanities:

For Department of Mathematics, Physics, Chemistry and English:

- The Board recommended implementing the R-2026 curriculum from the academic year 2026–2027.
- The Board of Studies examined the proposed R-2026 syllabus for the Science and Humanities courses offered in the B.E./B.Tech degree programmes. After discussion, the Board approved the syllabus for the academic year 2026-2027.
- In second semester instead of Environmental Science and Sustainability, Climate change and sustainability can be included.

Resolution:

The Academic Council Members reviewed and approved BOS meeting minutes of S&H. The members suggested to include Sustainability related topics not only in the 2nd semester but to bring into the curriculum and syllabus of 2nd, 3rd and final years also.

Agenda 6: Approval for Student's Transfer & Re-admission

❖ Student Transfer:

- MANJARI.S.G(Reg.No:612922103072) Batch 2022-26 studied in Vivekanandha College of Engineering (Autonomous) and completed up to VI semester during the academic year of 2024-25 in the Department of Electronics and Communication Engineering.
- She is seeking transfer to complete B.E Electronics and Communication Engineering from Annapoorana Engineering College in the Academic Year of 2026-27 from VII semester onwards.
- The following is the regular course list for Semester VII & VIII under R2022.

Semester	Category	Course Code	Course name	Credits
VII	PCC	22EC701	Embedded And IOT Systems	3
	PEC-V	22ECV13	RF & Microwave Engineering	3
	PEC-VI	22ECV12	Information Theory And Coding Techniques	3
	OEC-III	22OEE02	Renewable Energy Systems	3
	OEC-IV	22GEM02	Total Quality Management	3
	PCC	22EC702	Advanced Communication Laboratory	2
	EEC	22EC703	Industrial Training and Internship	1
VIII	EEC	22EC801	Project Work	10

Due to this transfer, Apart from the regular courses, the student has to study the below mentioned additional courses

Course code	Category	Course name	Credits
22ECV19	PEC-II	Medical Electronics	3
22EC602	PCC	Wireless Communication	3
22GEM01	HSMC	Principles of Management	3
22ECV08	PEC-III	Digital Image Processing	3
