Aim of IQAC

The objective of the cell is to develop a system of conscious and consistent improvement in the overall performance of the institution at all levels with the involvement of all stakeholders towards quality enhancement through internalization of quality culture and institutionalization of best practices.

Functions of IQAC

The IQAC-AEC helps for proper academic planning, execution, monitoring and evaluation. IQAC is responsible.

- Continuous evaluation of academic performance
- To help students gain hands-on experience about functioning of the industry and further prepared them for the industrial jobs, Memorandum of Understanding (MoU) are signed between various organizations. To focus on augmenting the placement of the final year students in reputed companies through effective campus placement drives.
- Conducting Internal Quality Audits periodically to verify the effectiveness of measures taken in reaching the quality parameters.
- Through the cells formed, various technical events will be conducted relevant to their latest technology.
- To improve the teaching learning process through ICT tools
- IQAC organized a number of FDP's/training programs to faculty and students.

PLACEMENT AND TRAINING

At **Annapoorana Engineering College**, we believe that our students must be equipped to *adapt, adopt, and excel* in both technical and life skills to thrive in the dynamic industrial environment. To achieve this, structured placement training begins right from the **first semester**.

Our placement training program is designed to build a strong foundation in both **aptitude** and **soft skills**, ensuring that students are well-prepared for competitive recruitment processes. The training framework enables students to effectively showcase their overall profile in resumes, including academic performance, analytical thinking, communication proficiency, problem-solving ability, and technical expertise. The program also emphasizes holistic development, capturing students' personal growth through continuous feedback and recognition from peers, faculty, and mentors, thereby shaping a confident and well-rounded professional identity.

The **Training and Placement Cell**, led by a dedicated Placement Officer and supported by departmental coordinators, actively works to provide **placement opportunities, career guidance, internships, and in-plant training** across various industries. To further strengthen employability, the institution collaborates with reputed training partners such as **CIZEL, George Academy, and Infosys Spring Board training programs**, offering specialized coaching in aptitude, coding, communication, and industry-relevant skills.

Key Highlights of Placement & Training Initiatives:

- Continuous **aptitude and coding practice sessions** from the first year
- **Soft skills and personality development** programs including group discussions, mock interviews, and resume building
- **Industry-oriented training modules** aligned with current recruitment trends
- Regular **technical workshops, hackathons, and seminars** to enhance practical knowledge
- **Internship opportunities** through industry collaborations
- Focus on **core as well as IT sector placements**

With these consistent efforts, the institution ensures that students are not only placed in reputed organizations but are also prepared to build successful and sustainable careers.
