MSME Project Funding proposals were made by all departments. 3 projects were scrutinised and send for 2nd evaluation.

Based on the Principle of Outcome Based Education (OBE), we have shifted "the focus of educational activity from teaching to learning; skills to thinking; content to process and teacher instruction to student demonstration". Over the years, the student admissions to the college have increased. The academic results and Placements have also increased as compared to previous years. To further increase the academic results, remedial classes are arranged for weak performing students and mentor-mentee allotments are made to help students overcome the shortcoming in their academic areas.
